

Are you interested in subsidized recreation or cultural programs for your child?

Niagara's ProKids supports the participation of eligible children and youth from birth to 18 years of age in the activity of their choice.

Families who are eligible for child care subsidy as determined through child care income testing **or** who are in receipt of social assistance **or** are a tenant of Niagara Regional Housing are eligible.

More than 200 businesses and agencies provide supports to the ProKids program to ensure that children and youth are able to take part.
